

U2CHARIST

with international u2 tribute band - elevation

Come and worship in a traditional church using the music of one of the world's most popular bands, U2. The songs of U2 speak to both the church and the world. Come out and experience their music in a different way.

In August, CLAY 2010 (Canadian Lutheran Anglican Youth Gathering) began an initiative that will see 12 sustainable communities built in developing countries by the year 2012. This project, titled "12 for 2012" is a joint venture between the Anglican PWRDF and the Lutheran CLWR. It costs \$5000 to build one community. Help to make U2CHARIST III one of the "12 for 2012"
